**Career:**

Home Economics Teacher six years at Orangewood Academy in Garden Grove, CA, 1962-1968  
Substitute Teacher in Longview and Kelso, WA Public Schools, 1964-1974  
Sales Associate at Fabric Stores: Discount Fabrics, JoAnn Fabrics and House of Fabrics, 1977-1999

Les: Auditor and Supervisor for Washington State Department of Revenue for 28 years

**Retirement:**

April 1999 - I'm enjoying my hobbies, time to sew, bake, read and garden. There are also occasional camping and fishing trips.

Les: May 1996 - then he went to work for KPMG Accounting firm in Seattle, WA as a Senior Manager first full time, then part time and now he works from home via phone and computer, 10 hrs/mo.

**Enjoyable Aspects of Academy:**

I especially enjoyed dorm life after I got past homesickness. It was my first Christian school experience and I made lots of good friends. One of my early realizations was no more dishwashing duties at home. Some special times for me were the Friday night Vespers with Carol Rhodes at the organ and Carol Crosby's presentations. My senior year I began attending Friday evening prayer band in the dorm lobby. The closing hymn "Blest Be the Tie That Binds" became very special to me and still is.

I especially appreciated the interest and kindness of all the teachers. The Christian environment was a welcome change.

Miss Foreman in American History class and Mr. Pratt in Bible Doctrines classes were special. I also fondly remember Mrs. Twomley, the supervisor at the laundry. She was patient and very kind. My other work supervisor, Mr. Greer at the mill, was also a very kind man and helped me learn to do a job I didn't think I could do.

At the present time I am not planning to attend the reunion. I have several reasons, the major one being after colon cancer surgery in May 2004 I am left with 20% of my colon. I'm doing fine and am very thankful for the health and mobility I enjoy. Traveling with diabetes and the above is not at the top of my enjoyment list. Also my Mom died in September 1997 and so "home" is no longer available. I will be praying for all who do attend to have an enjoyable weekend. I will also remember those of you who are working hard to bring it all together.

Sheryl & Don Clemons, Brianna 14 and Brittany 12 - live in Redlands, CA. Sheryl is an Occupational Therapist working half time for the county of Riverside. She is also homeschooling her children, SS leader and Pathfinder Leader at LL Univ. Church. Don is special projects manager in Telecommunications at Loma Linda Hospital

Dale & Jeanmarie Spencer, Jennifer, 23, Michaeline 12, Maxine 8, Andrew, 5 (they have permanent custody of their "grand" child) and live in Portage, IN. Dale is stay at home Dad and Chef - catering for churches, schools, weddings. Jeanmarie is RN working at Northwestern Hospital in Chicago and in charge of Womens OB-GYN Hi Risk Clinic.

**Career:**

Medical Technologist Degree from AU  
Worked part-time at Hinsdale Hospital, IL for 25 yrs  
Administrator of Fletcher Park Inn, an Independent Retirement Home in Fletcher, NC for 12 years. Saw it grow from 12 to 155 residents. It was the best job ever - I loved it!

Owen: Director of laboratory at Hinsdale Hospital;  
Laboratory and Radiology Director at Park Ridge Hospital in Fletcher, NC

**Retirement:**

Retired in 2003 and thanking the Lord daily. The last 4 years we've spend 3 mos of the year in Redlands, CA with our daughter & family. We enjoy trekking across country in our 5th wheel, sight-seeing, visiting friends, biking and birding. While in Redlands we help homeschool our CA granddaughters and enjoy bonding with them. Also travel north to Indiana to enjoy our other grand kids!

Travel to Zurich Youth Congress in 1969 wet our appetites for adventure. Have helped with Health Fairs in Moscow, Russia and Chenai, India, with Mark Finley and DeWayne and Carla (Soper) Butcher ; Budapest, Hungary; Czech Republic; Kenya and Tanzania Africa - 4 times with Share Him (Global Missions) as evangelist and health lecturer.

Owen: Retired in 2000 and built our home which we've retired in. He loves his riding mower, his computer and traveling.

**AA Memories of Classmates/Teachers:**

Best years - made wonderful friends

Working in laundry with Mrs. Twomley - learned the “proper way” to iron shirts/blouses.

I liked working in girls dorm; learning how to get along with “Lady” Foreman was a great challenge for me and a good learning experience. Later years, she was a resident along with her sister and family at the Retirement home I worked in.

- as were the Swartz's. The Swartz's sent their greeting to all - said teaching at AA were the best years of their life.

They've recently moved to Hawaii.

Band and Choir trips; Tongue twist exercises in choir - felt so proud because we sounded good and performed well.

Carol Rhodes had a special talent and demanded the best from all of us - have since always critiqued other choirs with “Carol's” Choir!

Marvelous cinnamon rolls and egg salad sandwiches for Friday night or Sabbath breakfast, if they lasted.

Banquets and the work put into Open Houses; Chapel Fun; Friday evening Vespers; Mrs. Perry's French Class; Elder Pratt's Bible Doc's class; Mr. and Mrs. Swartz; the Jensons and all the faculty for their dedication of time and interests.

**Family: 4 children**

Stan Cottrell, II, Technical Services Librarian at Southern Adventist Univ. - married Genevieve Steyn, Head Librarian at SAU.

Nicholas Cottrell, Senior Engineer at Whirlpool Dishwasher Div, St. Joseph, MI - married Carmen Steyn, sister to Gen. Information Technologist.

Evonne Cottrell Syvertson, SDA Church school teacher, married Carl Syvertson, Chemist at FDA, Denver, CO. Parents of our first grandchild, Kierstin Anntoinette, born in Brighton, CO on Jan. 26, 2007. Evonne is taking time off to be a full-time mother. We spent three weeks with them in their new home in Jan. and Feb. and Stanley dedicated Kierstin at the Brighton SDA Church on Sabbath, Feb. 10, 2007.

Corey Cottrell, finishing his college degree (Online) in Communications, married Christy Woodard, Family Therapist, Silverdale, WA. Parents of our second grandchild, Casey Anastasia, due in March.

We have waited a long time for grandchildren, but then our children have only been married for three years or less. They waited a long time to find the right spouses.

**Careers:**

After graduating from Andrews in 1961 with B. Mus. Ed. I taught classroom music, choir and private piano/organ lessons and then classroom elementary grades in church schools wherever we happened to be living at the time - WI, IL, TX, MD, MA and MI. After a lot of summer classes, I was granted an M.A.T. in 1993, rooming with my daughter the last summer at Andrews. We graduated together, she with her B.S.

**Stanley:**

Stanley was in Pastoral/Evangelism for 35 years. In January, 2000, we moved to Battle Creek, MI, where he became the Director of the Historic Adventist Village. We still live there and do guided tours for nearly 10,000 visitors each year who come from around the world to walk in the footsteps of our Adventist pioneers.

**Retirement:**

I retired officially from teaching in 2001, but then I was asked to come back to direct the Battle Creek Academy Pre-School. I retired again in June, 2005. I still do substitute teaching at BCA.

Stanley - retired in January 2006. We were asked by the Adventist Heritage Ministry Board of Directors to remain at the Village, on a stipend, to direct and conduct the tours. We also supervise a full volunteer staff in the summer, as well as college students on summer scholarship, all of whom guide tours and do maintenance, or whatever is needed in the Village. Stanley and I portray Joseph and Prudence Bates in historic costumes.

We also travel around the country to churches and campmeeting- wherever we are invited - to do special presentations on Adventist Heritage. Heritage Evangelism is fun and we get to meet so many wonderful people, many of whom have never heard of Adventists. Come and spend some time in the Village. We provide housing and meals during the summer months in exchange for your volunteer services. It is an exciting ministry and you will never be the same again.

### **AA Memories:**

I have wonderful memories of AA - close friends, caring teachers, and a Christian atmosphere that brought me closer to God and my Savior, Jesus.

My favorite part of Academy life was the music - piano lessons, choir, and band. The academics were very good, but I lived for the music.

Carol Rhodes influenced me the most of any of my teachers. I was in awe of her musical talent. She encouraged me to take Music Education in college and supervised my student teaching at Andrews Academy. She took us to concerts, taught us to sing in small groups, and encouraged us to not just sing notes, but to make music out of them. Her Christian character and example have influenced my whole life.

**Career:**

I worked at Hinsdale Hospital, nursing homes, odd jobs and then worked at Brighton Area Schools from 1974 until retirement, 2000.

Frank worked at Hinsdale Hospital, was in auto work until 1970, then worked on tractors (big & small) for some years and then worked 20 years for Consumers Energy until retirement.

**Retirement:**

We retired in 2000 and decided to move up North to a quiet community. I like knitting, crocheting, tatting, keeping in touch with the children, going on an occasional cruise with my sister, traveling to other states to visit family, or see other states. Frank still is busy keeping his plane and autos in good shape and is always rearranging the landscaping around the yard. We're so busy being retired, we don't know when we had time to work.

**AA Memories:**

Remember one group hike my first year, they took the whole school out at night around the school grounds near halloween and we sang and listened to stories the teachers told.

Good gooey sticky buns for breakfast on Sabbath mornings and water fights in the hallways with the hall monitors.

Elder Pratt, Mr. Hansen for science classes, Mr. Kopp and doing MacBeth (which I still don't understand), writing notes to boys and having a girlfriend pass the notes to them for you. Having visitors on the week-ends.

**Enjoyable Aspects of AA:**

Associating with Christian classmates and having Christian teachers who were very influential in my life.

Graduation week-end! Most important were my parents who gave up a lot for me to go to AA.

Scott is a carpenter by trade, building beautiful homes, some of his own design, in northeast GA. Scott's wife, Jennie, is a hairdresser. They both are very active in the Cleveland, GA SDA Church; head deacon, lay preaching, head deaconess, vesper leaders, etc.

Laura is a cardiac monitor tech working at the Gordon County SDA Hospital in Calhoun, GA. Laura's husband, Gerald, works in commercial construction. They attend the Ranger, GA SDA Church.

John is a mason by trade, and works with the construction crew at Florida Hospital in Orlando, FL. John's wife, Pam is a medical technologist, also working for Florida Hospital. They attend the Forest Lake SDA Church in Altamonte Springs, FL. John is a leader of the Adventurer's Club.

Julienne owns and operates a hair salon in Apopka, FL and attends the Forest Lake SDA Church in Altamonte Springs, FL.

I praise the Lord for my children!

**Career:**

I am currently managing a medical practice in Palmetto, FL, a position I have held for the past 22 years. In 1985 when I began working at North River Family Health Center, there were four doctors and a staff of fifteen; we now have six physicians, three physician assistants, and 50 staff members. My career for the past 45 years has been in the medical field.

## Retirement?

Such an elusive entity! My 93-year-old mother still works five days a week - I trust I will not follow in her non-retirement footsteps! My mother and I share our home, friendship, laughter, tears and life in general.

Post Retirement Dreams - include living a peaceful life in north GA where I can grow my own vegetable and herb garden, along with fruits and flowers; perhaps raise canaries again, learn to paint landscapes, Maranatha trips, pleasure travel, time to read and study, and enjoying my children and grandchildren.

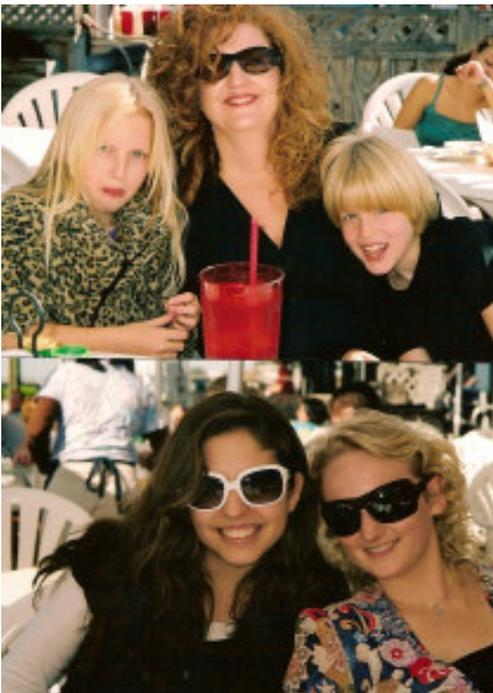

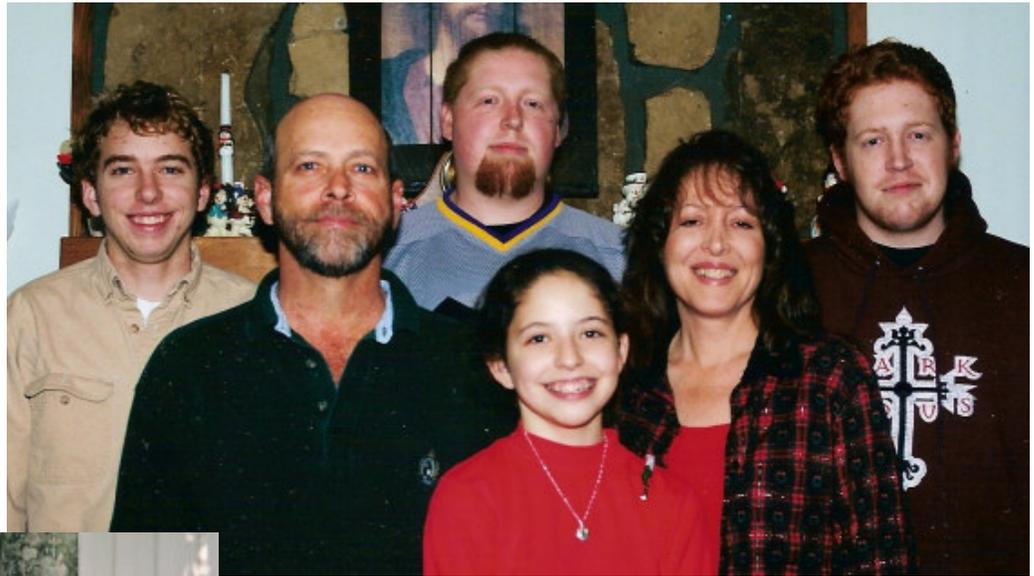

## Greatest AA Memories:

Music; glee club, band and choir trips, Friday night Vespers, and ice skating all day Sunday on the mill pond. And, of course, the many friends I was fortunate to experience, several of whom are still an important part of my life. I enjoyed learning and still refer to some of the old Bible textbooks on occasion.

Registrar Dottie Ingersoll had the greatest influence on my life at Adelpian. During the two years I worked for her I took notice of the values she and her husband, Herb, believed in. She encouraged me not only as an employer-supervisor but influenced me as a Christian who lived what she believed. Other very influential faculty were R.W. Pratt, Miriam Foreman, Carol Rhodes, Bernie Jensen, and Mrs. Cole - I still fold my towels as instructed my freshman year in Adelpian Academy.

Graduated in 1964 from Loma Linda with Physical Therapy. Worked in MN, MI and TN. In 1998 I had to have a liver transplant - due to Hepatitis. I had prostate CA in 2002 and due to the radiation I developed vascular necrosis in both my hips so in 2005 and 2006 both hips were replaced.

**Retirement:**

I retired in 2002 due to health problems and am still dealing with them.

I like to travel and golf. I have won some golf tournaments in the past and am now able to play golf again.

I also help care for Becky's two boys while she works.

Am active in church, Pathfinder leader, deacon, presently Elder.

I like to garden and my 4 bdrm house with 2 acres of land keeps me busy.

#### **Five Individuals Influenced me as it pertains to my Religious and Work Ethics:**

1. Elder Pratt was always fair and set the standards for my religious beliefs and he liked to have fun.
2. Dean Jensen was friendly, helpful and had genuine interest in each of us and tried hard to be the parent we left home.
3. Elder Habenicht, farm manager, taught me to be trustworthy and to do an honest days work.
4. Mr. Myers, Maintenance, started me on a career of maintenance and construction.
5. Mr. Quick, farm manager, taught me how to be a supervisor and how to manage people.

Credentialed in Critical Care in 1993.  
Worked for Defiance Hospital, 45 years, mostly in ICU.

Marvin: After graduation from AA, went to Madison College, Tenn for Industrial Arts. Spent 2 years in Uncle Sam's Army from 1961-1963. Got married during my army life. Worked at Campbell's Soup for 9 years. Then 30 plus years at a metal Stamping Plant.

**Retirement:**

Retired from nursing Sept 30, 2004. Marvin retired in Sept 1999.  
Have taken several trips to Tennessee and Idaho.  
We babysit our grandkids some.  
Enjoy eating out and visiting with friends.  
I walk a lot for exercise, not ready for the rocking chair yet.

**AA Memories:**

Good memories with my roommates: Ruthanne Driver and Betty Mitchell.  
Social activities - Grand marches on tennis court  
Meeting my husband - Marvin Spangler  
Enjoyed our classes, especially Bible Doc's with Mr. Pratt. I'll never forget McBeth in Mr. Kopps Class.  
Mr. Pratt set the religious tone of the school. He was a very godly man, but was down to earth and had a terrific sense of humor.

**Marvin:**

Enjoyed "Ag" class with Mr. Jensen. We had 2 girls in class, Carol Crosby and Elsie Bishop. Working in Mill unloading box cars of lumber that came in; class trips; Mr. Pratt's Bible Docs class, he was easy going.  
Mr. Greer at the mill influenced me. He was easy going, and he taught me how to get along with others.

### **Family:** Children and 3 Grandchildren

Our son Paul and his wife Sarah (daughter of Betty and the late John Brantley of Benton Harbor, MI) are the parents of our three grandsons: William Alexander, John Phillip, and Peter Clifford all of whom live in Loma Linda.

Our daughter Ruth and her husband Ryan McConnehey (son of Lorry and Dianne of Bakersfield, CA) live in Oxnard.

### **Professional Careers:**

Loma Linda University School of Medicine, Department of Biochemistry - faculty member, acting chair for one and a half years. We lived in Sweden one year, 1981-82, when I was on sabbatical at the Karolinska Institute. Besides attending some of the Nobel lectures that were given on prior days, I was given a ticket to attend the ceremony when the King awarded the prizes in the Stockholm Concert Hall.

Marilyn - Loma Linda University School of Nursing - faculty member, Associate Dean for the Undergraduate Program (16 years), Dean (one and a half years to present).

### **Retirement and Activities:**

Although retired since November 11, 2005, my office, lab space, and access to the instruments in the Biochemistry Department allow me the privilege of participating in research activity. This year on the 27th of February we flew to Tokyo, attended Graduation at Saniku Gakuin College, and then flew south to Hiroshima - very sobering to stand beneath the hypocenter of the bomb. We then took a bullet train northward to Kyoto where we toured for two days a part of Japan that was preserved during the war, and then another bullet train took us back to Tokyo where we toured the National Museum and other sites for another couple of days before returning home.

### **AA Memories:**

Mr. Herluf Jensen's seven AM Biology class and his necessary disciplinary advice when I as a village student overstepped my welcome in his dormitory.

Mr. Bob Greve's chemistry class and especially the winter Sunday physics lab on the toboggan run to collect data for calculating velocity, acceleration, and momentum.

Classmate Chuck Schlunt's running commentary when we sat adjacent to each other on the back row of Miss Miriam Foreman's United States History class.

**AA Memories, Cont'd:** Friday evening vespers in the chapel - a time free of study to enjoy the music and spoken word.

Mr. Richard Myers in the shop made himself available to talk and gave excellent advice. He often let me bring in the old Nash and provided ways to improvise repairs when replacement parts were unavailable to keep it running.

**Below is a sketch of days leading up to and years following my Adelphian Academy experience.**

As Thursday afternoon of October 25, 1956, waned the seemingly endless preparations for the move from familiar surroundings were finally completed. We considered our 1937 Nash coupe as a family member and it was packed to the max with only enough space for me along with my parents to fit into as we set out from Calgary. Before midnight we crossed the border into Montana. On Friday night we stayed in Minot, ND, and attended church there next morning before driving on toward Grand Forks. Surrounded by the early Monday morning mist we felt the rumbling vibrations of invisible foghorns while awaiting a ferry to cross the Straits of Mackinac. Later in the day we arrived in Holly. It was near the beginning of November when my enrollment as a village student at Adelphian was the beginning of my good fortune to become linked with the AA class of '57.

My recollection is that after attending a festive evening program prior to Thanksgiving I ineptly stumbled into an exterior stairwell of the then new Weaver Auditorium. Apparently it was the next day; while I was at home with a severe headache, recuperating from the concussion of the previous night; that class-officer elections were held. On returning to school I learned that my lot was that of a sergeant-at-arms. I had no idea of the responsibilities of that office, but I no longer felt like a newcomer. It was apparent that my class had adopted me as one of its own. Not until spring though, when my Bell Echoes was signed, "Best of Luck to another ruffy. Dave", did it become clear to me that higher "Powers" had been covering for both of us all along. It is no secret that the behavior of our classmates, always above reproach, made that office for Dave Powers and me one of sheer honor.

After college at Berrien Springs I studied biochemistry at Virginia Tech. During a break between MS and PhD I worked in the chemistry section of the clinical lab at Washington Sanitarium and Hospital in Takoma, Maryland. One afternoon student nurses at Columbia Union College come to the lab to learn the technique of venipuncture. In some way my arm became the target of a needle wielded by Marilyn Murdoch. By the pain it inflicted I would judge that she first tried to draw my blood from a tendon before noticing the vein nearby! She insists that I have a low pain threshold. We were married in the Silver Spring Church. Prior to postdoctoral study in the Biochemistry Department at the University of Texas M.D. Anderson Hospital and Tumor Institute at Houston I became a naturalized citizen of the United States on July 4, 1968, on the front steps of Monticello.

When I joined the Biochemistry Department at Loma Linda University, I found classmate Ann Zelenak Pearson already working there. Both of us continued working together in that department until her retirement, and for a number of those latter years it was also my privilege to serve as a deacon at the Loma Lind University church where her husband Don served as head deacon.

Now nostalgia and the opportunity to visit with my classmates draw me even more strongly to attend the 50th Adelphian Academy Class of '57 reunion than they did when I missed being at our 40th. However, as it was then, again it turns out that on the same weekend Marilyn's duties here on campus at Loma Linda University School of Nursing graduation make it impossible for her to accompany me and meet you all. But on the other hand, I noticed that the scheduled speaker for our 50th is my home church pastor and that provides an additionally enticing reason for me to attend our reunion because that would save me from having to miss one of his Sabbath morning messages! We are blessed here by his, Randy Robers, weekly sermons.

### OUR ADELPHIAN

Stand up and cheer, stand up and cheer for  
our Adelpian  
For today we praise, the purple emblem and  
the gold.  
For true endeavor, thy praise is heard in every  
clime  
Thy guiding light, will lead us right,  
To give thy message so Divine.

We thank thee ever, for noble standards high  
and true.  
For the school we love, our pledge of service  
rings anew.  
Heart, hand, and spirit, are guided in the ways  
of Truth.  
You help us live, and ever give,  
A lofty purpose to our youth.

Hail, Alma Mater, our mem'ries dear we owe  
to thee,  
And within thy hall, you've spurred us on to  
victory.  
With happy voices, and hearts that beat with  
loyalty,  
We give thee praise, through coming days,  
For hopes we cherish endlessly.

**Retirement Activities:**

Retired December 2005

We moved to GA from CA, cruises and traveled with our motor home.

I still enjoy sewing, making afghans, watching the birds (especially the Cardinals) and working in the flower beds in our yard.

**Memories of AA:**

Teachers & Classmates; Saturday night marches & activities; cinnamon rolls and hard boiled eggs for Sabbath morning breakfast; music lessons; dorm life and the fun roommates I had and all the wonderful memories; working in the laundry with Mrs. Cole and Mrs. Twomley; the Registrar's Office for Mrs. Ingersoll and the mill for Mr. Greer.

I enjoyed dorm life and the school activities because I came from a small church that had no youth activities.

**Retirement:**

We enjoy retirement, but we keep busy and healthy. Responsibilities at/for church take up a lot of our time, plus traveling back and forth to Michigan and Illinois and Pennsylvania to be with family.

We live on a mountain top, no grass to cut, no garden to weed, no snow to shovel.

Clay will help me plant a flower garden and vegetable patch this summer, but first I need to know what will grow up here.

So I'm taking a Master Gardener class at a local branch of Univ. of TN. I'm learning about new perennials that will grow in almost any soil (we have rocks), like the Leather Leaf Mahonia. It is a beautiful bush-like plant that blossoms white in the springtime, then changes into purple berries, clumped together like grapes, that last until the next spring when they drop off and the blossoms come on again. The leaves are thick like leather, and shiny dark green year around.

## Academy Life:

Especially enjoyed working in the library for my favorite teacher and friend, Leonard Hill. I created the poster boards in the library; functioned as librarian - checked out books, sorted and numbered new books, added cards to the book file, straightened books on the shelves, and typed tests for teachers (and sometimes the answer sheet (not my own of course).  
I also kept the floor clean and shiny.

One time, when I was buffing the floor with the electric buffer, I bumped one of the support beams. Mr. Jensen came bounding down the stairs and reamed me out because he was wakened from a much needed nap. On his way back up the stairs, I deliberately hit the beam again. He ran back down the stairs and threatened to report my belligerence to the principal and I would be out of a job. I apologized and promised to be more careful, even tho I was more than miffed.  
However, I never bumped any beams after that.

A couple years later, Mr. Jensen ran into Clay at Camp Meeting and was surprised to learn that Clay planned to marry me. He tried to discourage Clay from making a big mistake. (I was not aware of that encounter until years later). I like to believe that Mr. Jensen changed his mind about me that very moment.

One granddaughter, Carina, absolutely wonderful, DOB 11/15/05

**Retirement Date:**

No retirement yet. Now I baby-sit one full day a week for my granddaughter.

I took some exciting trips:

1992 - touring with my daughter: London, Hamburg, Berlin and Paris. Nothing surpasses the art and history of these places.

1993 to Israel - This trip seemed like I was in a dream. I was at the very places I read about in the Bible and walked in the footsteps of Christ and the disciples and others. So great a trip.

2006 to Vienna and Salzburg, Prague and Budapest - to celebrate Mozart's 250 years from his birth. What a time to enjoy such wonderful history.

February 2007 to Hawaii and the beauty of the palm trees and lava. I just loved the beaches too, during 80 degree weather. Some peaceful breezes just helped my nerves and mind.

**AA Memories:**

The general Christian atmosphere of all teachers helped me grow.  
I thoroughly enjoyed choir for I love music.  
Everyday brought something new to my happiness.  
Elder Pratt was a stabilizing feature that kept me going.

**Dreams and Goals:**

To learn as much as I can about the health of my mind and body; to always be Christ centered to all I meet; to study the Bible and put my whole heart and soul into the writings; to let go and let God lead; and to let the present to be a present. Heaven is the end.

**Professional Career:**

I graduated from Colorado Christian University with a degree in Management of Human Resources. I worked as Assistant Director of Human Resources at Porter Hospital and then moved to Florida where I was director of Human Resources for a Golf resort.

Gary is a Radiology Technologist and was Director of Radiology at Porter Hospital and at Fort Walton Beach Medical Center in Florida and Twin Cities Hospital where he worked as Director as well as staff tech.

**Retirement Date & Activities:**

I retired in February 2005 and Gary in May 2004. We opened a church school two years ago and I have been the Chairperson since that opened. I also teach a class in keyboard and business communication skills one day a week. We recently purchased a cabin in Murphy, North Carolina where we spend a good share of our time when we aren't busy with church work.

## AA Memories:

I will never forget the vespers service, at the end of the year, where we all took hands around the chapel in a big circle and Elder Pratt offered a prayer that we would all be united in heaven some day.

I really enjoyed my years in the dorm at Adelpian as it gave me the stability in my life that I didn't have in my fragmented home life.

Some of the best friends I ever had were my roommates, Carol Crosby, Ruthann Baldwin and Pat Parish.

Elder Pratt influenced me the most as I felt he was unbiased and a fair person. He was strict but also had a sense of humor.

I'll never forget when a group of us went Ingathering without a counselor and he told us to remember "he had his glass eye in our pockets."

**Professional Career:**

I graduated from Hinsdale Sanitarium and Hospital in 1961. I worked there till the end of 1962, then moved home and worked at a hospital in Flint, MI.

I married Ward in June 1963. He was teaching at Adelphian, and we were married in the old Holly Church.

It was an interesting experience coming back as the wife of a faculty member to the school where I had been a student. We were there for 2 more years. Then in 1965 he took a job teaching math at Walla Walla College in College Place, WA, and we are still here.

I quit work just before Debbie was born and didn't go back till our youngest was in 2nd grade.

I worked part time at Walla Walla General Hospital for 15 years and then quit.

My mother was living with us at that time and needed assistance. It was a real priviledge to help care for her. She passed away in 2002.

Ward is still teaching and hasn't decided when to retire - maybe in another year or so.

## Lois & Ward Soper and Family

### Post Retirement Activities:

I volunteer at various places in the community, and at church. I enjoy gardening, knitting, crocheting, visiting family and friends.

### AA Memories:

I have many wonderful memories of my 4 years at A.A. Having come from public school I appreciated my Bible classes and teachers. I especially remember Old Testament History from Elder Perry and the many Bible verses we had to memorize. They have been a blessing over the years. I learned a lot from Elder Pratt's Bible Doctrines class. Mr. Kopp's English class was interesting - he was a lively teacher.

### Classmates:

I made many friends, and some became best friends. Ellen Hartwell Zimmerman was and is a special friend. I'll never forget her contagious laugh. We still keep in touch. Jean Carlson Redwine is another special friend who lives about 2 hours away from me now.

I remember Kenny Nelson singing his heart out while working in the kitchen and washing pots and pans.

**Family:**

We have two children, Connie and Leonard Jr. We also have five grandchildren, three step-grandchildren, and two great-grandsons. Both our children and their spouses are active in the church. We are proud of our kids. Connie plays the piano and sings. Len Jr. and his entire family are musical.

We love living in beautiful Northern Michigan and have lived here for over 38 years. Mostly we travel a lot to the Upper Peninsula of Michigan and into Canada. We've made several trips South in the US and we've traveled to England, France, and Belgium. We hope to travel out of the country again someday.

**Professions:**

I worked 20 years as a professional cake decorator and retired due to arthritis in my fingers. Now I'm a housewife and enjoy gardening and being involved with our local SDA church.

Leonard: and his brother are self employed as general contractors in this area. Their long history of quality workmanship in this area is enabling them to survive the current difficult economic times that most of Michigan in other areas of our country are enduring.

**AA Memories:**

I have many life-long friends from Adelphian Academy. Good memories of teachers and faculty; especially Elder R.W. Pratt, who married us. I also have fond memories of Friday night vesper programs. Dorm life was very enjoyable, as well as playing in the band and the music festival.

I feel very fortunate to have been able to go to Adelphian having been raised in a non-Christian home. It was there I met Jesus and it was also there that I met my husband of 48 years.

## **Memories of AA:**

I have many fond memories of AA:

Friday evening supper of chili and Auntie Rhodes take-back-to-the-dorm-sweet-rolls supposedly to be eaten for Sabbath morning breakfast...

Friday evening vespers programs. (Showered, shaved, doused in Old Spice, hair slicked down with Brylcreem)

Choir and quartet practice and trips to surrounding churches

Ice skating on the pond with borrowed skates

3 a.m. hall-hockey tournaments in the basement of the old administration building.

Scrubbing dorm halls, toilets and showers, buffing halls

Goofing off with buddies during evening study breaks

Singing Ole' Man River as a senior in the annual amateur hour (standing ovation)

Singing, "In a Little While We're Going Home" during dorm evening worship the day before a week-end leave

Saturday evening programs

"Clarinet Polka" duet played by classmate Jan Creen and band teacher, Lennart Olson

Harvest Ingathering; typically returning with nothing in hand.

Open house banquets and programming

The folk's week-end visits

Excellent sermons preached by R.W. Pratt and Ed Kopp

Memorizing lines from Beowulf and Macbeth in Ed Kopp's English class

Boys day downtown

Trips to Rocco's Pizza in Waterford with classmates and Elder Pratt

Thinking that alumni looked really old and frail when they returned in celebration of their 50th Anniversary Reunion!

Times have changed, perhaps.

## **Teachers:**

R.W. Pratt; exceptional principal, teacher, preacher, story teller, insightful, psychologist, friend

Herluf Jensen; kind, committed, thoughtful, dedicated, certainly one of God's friends and a friend to students

Carol Rhodes; outstanding musician, demanding, caring, dedicated, performance perfectionist, no nonsense yet fun-loving, generous, friend

Bob Grieve; approachable, excellent teacher, kind, considerate, champion of all that is good.

Ed Kopp; a little eccentric, knew how to prepare and deliver a sermon, thoroughly enjoyed teaching English literature, creative, memorable, significant contribution to the students and campus.

## **Classmates:**

Roger Schwartz: friendly, entertaining, considerate, musician, industrious friend

Loren Perry; roommate, friendly, talented, buddies since church school days

David Peterson: talented musician & artist, calligrapher, fun-loving, friend

Jim Thomas: straight-arrow, studious, committed, leader, one of God's special friends and a friend to man

Milton Draper: talented, intelligent, mischievous, athletic, buddy, friend

Gordon Marsa: intelligent, studious, quietly mischievous, friend

Clarence Brummett: calm, cool, deliberate, musician, industrious, steady, strong, tall, committed, friendly

Lynn Smith: creative writer, good tenor, industrious, polished, proper, friend (ultimately, was influential in my getting a

Mott Foundation stipend to work on MA Degree at EMU...thanks, Lynn

Robert Fambro: handled ignorance and nonsense magnificently with a twinkle in his eye, kind, gracious, friendly, entertaining, thoughtful, liked by all, friend

**Most enjoyable aspects of AA life:**

Choir trips, quartet work and concerts. “no business like show business”  
Comradery.

**Pesonally Influenced by:**

Herluf Jensen - by example.  
R.W. Pratt, administrator, teacher, preacher  
Ed Kopp, very creative speaker, writer, enthusiastic teacher

This is a gated community with horse trails, a country club,  
golfing, tennis, swimming and many other activities. We feel blessed to be living here as there is much wild life- deer,  
elk, bear, bobcat and many beautiful birds.

After I retired we purchased a two-rider all terrain vehicle (Quad). Don and I have traveled in September for the past  
three years on many trail systems in Utah, mainly the Paiute Trail. Last year we had 19 people and we traveled 640  
miles in one week.

Don and I also traveled four times to many countries in Europe. Since I am a member of the Swarovski Crystal Society  
two of these trips were to Austria and surrounding countries.
